

# How Computing Changed The World

Tuesday, January 17, 2012, 7 p.m.

Hartley Room, 2nd floor Denius Student Center, FIT

More info: <http://www.cs.fit.edu/~pkc/dept/world/>

Speakers representing academia, industry and government, from Florida Tech, Harris Corporation and NASA, will discuss ideas and the impact of computing. The digital age has changed so many aspects of daily life and has contributed to advances in science and engineering.
