

A short problem set, (4-7) problems, will be posted at the start of each week. Solutions are due on the following Thursday.

1. (Posted) May 14 – (Due) May 17
2. (Posted) May 21 – (Due) May 21
3. (Posted) May 28 – (Due) May 28
4. (Posted) June 4 – (Due) June 7
5. (Posted) June 11 – (Due) June 14
6. (Posted) June 18 – (Due) June 21
7. (Posted) June 25 – (Due) June 28

Solutions will be distributed on Thursday to other students for grading. Three scores are possible: 0 completely wrong; 1 partially correct; 2 completely correct. Graded work is due at the start of each week.

Homework scores contribute 20% to final grades and is computed by

$$0.2 \times \sum (\text{homework score}) / (\text{total points possible})$$
