

Tasteful Panthers: Food Recommendation at Dining Halls

PHILIP CHAN

Motivation

- Many choices
 - what's good to eat today?
- Food issues
 - how to let the staff know conveniently?

Problem

- A mobile app that allows the users to
 - See recommendation of the day
 - Based on reviews
 - Inform staff on issues via reviews
- How to encourage user to enter reviews?

Features: Diners Can

- View personalized recommendations of the day
 - Based on previous reviews
- Enter/view/search reviews
 - Stars, text, image, youtube 30-second video link, tags
 - Tags: good for taste buds, health, restricted diets, playing sports, studying, paying attention in class, ...

Features: Diners Can

- View personalized recommendations of the day
 - Based on previous reviews
- Enter/view/search reviews
 - Stars, text, image, youtube 30-second video link, tags
 - Tags: good for taste buds, health, restricted diets, playing sports, studying, paying attention in class, ...
- Be reminded via notifications based on location/GPS
- Participate in contests with leaderboard
 - Forecast the food item with the highest rating tomorrow
 - Top reviews of the week
 - Judged by random users
 - Weekly theme based on tags (good for x)

Features: Kitchen Staff Can

- See/search reviews
 - Comment on reviews
