BIG DATA

Big Data: A Closer Look

Friday, January 31, 2014, 7–8pm

Room 130, Olin Life Sciences Building, FIT

More info: `http://www.cs.fit.edu/~pkc/dept/bigdata/`

Speakers from the Department of Computer Sciences at Florida Tech will address the impact computational advances have had now that large amounts of data are collected about everybody. Product recommendation by Internet retailers, identifying unsolicited e-mail, organizing news articles, and DNA sequence analysis, are computer applications that are part of this phenomenon.

Free and open to the public
Sponsored by the Department of Computer Sciences
